Dr. Ankur Gogoi

Mr. Sadiqur Rahman

Registration Fee

Academician/Faculty: INR 1000/-

Research Scholar: INR 700/-

PG Students: INR 200/-

PG Students (JB College): Free

E-certificates will be issued to participants
on attending all the sessions.

Online Platform: Google meet

ONE WEEK NATIONAL WORKSHOP

ON

AUGMENTATION OF SKILLS FOR MULTIDISCIPLINARY RESEARCH

(Blended Mode)

Date: 19-01-2024 to 25-01-2024

Organized by

J.B. College Women Cell

In collaboration with

Research and Development Cell, J.B. College

J.B. College (Autonomous)

Jorhat-785001, Assam

About the Workshop

Research is an integral aspect of higher education that improves the quality of education and adds to the advancement of knowledge. It exposes researchers to key strategies and tools followed in research design, review, data collection and processing in both Quantitative and Qualitative formats. As such, research methodology holds prime importance for research scholars to build a critical perspective, either through theoretical or empirical research. This in turn improves not only the skill of teachers/researchers but also their quality of teaching & learning. It acquaints them with new techniques of research and knowledge and publication norms in different journals. Along with contribution to new research findings, it is very important to document and publish them for wider circulation. Here it is pertinent to know ethical norms, as well as the difference between predatory and cloned journals. Such workshops will also provide a wide platform to scholar participants from diverse backgrounds to resolve their queries and doubts.

With this aim in view, this workshop has been diligently designed and packed with informative skills to develop the foundational knowledge and to explore different dimensions and paradigms of research, targeting mostly young researchers and academicians. It intends to address these multifaceted & challenging issues faced by most researchers and disseminate knowledge and digital tools for the successful pursuit of academic objectives.

About the College

Jagannath Barooah College (Autonomous) ranks as one of the premier institutes of North East India and since its inception way back in the year 1930 it has been relentlessly striving for academic excellence in the field of Higher Education. Reaccredited by NAAC with 'A' Grade in the year 2018 and awarded Star College status by DBT with effect from 2016-17 the institute also achieved autonomous status on 13th October 2015. Jagannath Barooah College has added yet another milestone in its journey of 93 years with the state government's decision of conferring University status to the institution. With a team of well qualified and competent faculty with their diverse experience and expertise the college boasts of 24 departments providing undergraduate and post graduate courses and research leading to PhD degrees. The institution continues to provide a vibrant space for academic activities with the faculty members ready to take up new challenges to cater to the new requirements in the contemporary global higher education scenario.

Keynote Speaker

Dr. Surajit Borkotokey
